

Expectations Document - What Monash expects of all representatives in University sanctioned sporting events

To represent Monash University at any University sanctioned sporting event, including intervarsity events such as the AUS UniGames, is a privilege and not a right!

So YOU need to be clear that if YOU want to participate in any University sanctioned sporting event, or to represent the University at an intervarsity event, YOU do so for the right reasons! So if:

- YOU support the concept that University sanctioned sporting events and intervarsity events such as the UniGames are primarily a sporting event (and that the social element of these events is a secondary purpose); and
- YOU are committed to conduct yourself at all times in a respectful, courteous manner that reflects positively on yourself and the University; and
- YOU will uphold the highest levels of sportsmanship regardless of umpires, the opposition and the state of play; and
- YOU will be respectful of officials and umpires, with only coaches, captains and team organisers allowed to engage with officials; and
- YOU will not participate in or tolerate and will #take a stand against racial, sexual, disrespectful, bullying behaviours that may be observed and/or experienced during any University sanctioned sporting event; and
- YOU understand that you need to make responsible choices regarding alcohol consumption at these events and that excessive consumption of alcohol will not be tolerated by the University or your team mates; and
- YOU understand that the University has a zero tolerance to the taking of illicit drugs or substances while representing the University; and
- YOU are committed to looking out for your Monash University team mates and will take a stand in supporting them and helping them make the right choices,

then by all means put yourself forward for selection to play for Monash Sporting Clubs and Associations, and/or to represent Monash at an intervarsity event and demonstrate that you are willing and committed to uphold these standards.

These are **Monash University's expectations** of everyone who wants to represent the University in any University sanctioned sporting events including representing Monash at the Australian University Games (AUG), Uni Battle and similar Australian University Sport (AUS) events. The University wants to ensure all its team members are safe and have an enjoyable time while participating in these events.

The performance outcome of participating in these events is important....But it is even more important that all representatives representing the University remain safe on and off the field, and that the University's high reputation for respectful behaviour and fairness is maintained.
